Nathan Littauer Hospital & Nursing Home's 2024 Annual Report

**NATHAN
LITTAUER**
Hospital & Nursing Home

SEAN'S LETTER TO THE COMMUNITY

As we reflect on 2024, we are reminded that the strength of Nathan Littauer Hospital and Nursing Home lies in the people who make our mission possible—every clinician, provider, staff member, volunteer, and donor who shares a commitment to the health and well-being of our community. Our annual report reflects this commitment and our focus on the future, and recognizes the work that has been done to get us here.

To our staff: Thank you for the compassion, professionalism, and resilience you bring to work each day. Whether you are at the bedside, behind the scenes, or ensuring smooth operations, your efforts directly touch the lives of the people we serve. Your dedication is the foundation of our ability to deliver high-quality care, day in and day out.

To our medical providers: Your expertise and commitment to patient care remain at the core of everything we do. You consistently go above and beyond to ensure that those who turn to us in need are met with excellence, empathy, and hope. We are honored to work alongside you in fulfilling our shared purpose.

To our donors and volunteers: Thank you for your generosity and vision. Your support has allowed us to grow our services, invest in technology and infrastructure, and expand access to care. Because of you, we continue to build a stronger, more sustainable health system for the future.

Together, we are not only meeting the needs of today—we are shaping the promise of tomorrow. We are proud of all that we have accomplished this year and look forward to continuing our work with the same sense of purpose and partnership. We hope you enjoy our 2024 annual report.

A ROOM WITH A *VIEW*

At Nathan Littauer Hospital & Nursing Home, every decision we make begins with one question: **What is best for our patients?** From the moment a patient walks through our doors, they are not just recipients of care—they are the center of it. Our approach is personal, holistic, and rooted in the belief that healing happens best when people feel seen, heard, and valued.

We understand that quality care goes beyond clinical excellence. It includes the quiet reassurance of a compassionate voice, and the collaboration of our multidisciplinary teams who treat not just the illness, but the whole person. Each department, each provider, and each support staff member is united by one goal: to ensure our patients feel safe, supported, and empowered throughout their visit with us.

This philosophy touches every corner of our hospital and nursing home. From state-of-the-art medical technology to the simplest act of kindness, every detail is designed with the patient in mind. We are proud to offer “a room with a view”—not only in the physical sense, but in how we view each patient’s experience, needs, and potential.

At Nathan Littauer, our patients don’t just fill a room. They fulfill our focus, our purpose, and our hearts.

AN ORGANIZATION WITH VISION.

At Nathan Littauer Hospital & Nursing Home, being a community hospital has never meant thinking small. Our size allows us to be nimble, adaptive, and focused on innovations that directly improve patient care.

We believe that embracing cutting-edge technology is not merely about keeping pace with change; it is about looking at the future, and anticipating the evolving needs of our patients and meeting them with excellence, efficiency, and empathy. Each advancement we adopt is a step toward greater safety, accuracy, and a more connected healthcare experience.

In 2024, we advanced this mission with several key investments:

- The Senographe Pristina mammography system—offering greater comfort and sharper imaging for early detection
- Enhanced cybersecurity policies and software—strengthening the protection of patient information
- Two new laboratory analyzers—ensuring faster and more accurate test results and diagnoses
- New Pyxis machines throughout our hospital and our Surgical Center—improving medication access, security, and safety

These innovations reflect our ongoing commitment to pairing modern technology with the compassion and personal attention that define Nathan Littauer. Thoughtful progress—driven by our people—remains at the heart of how we care for our community.

We are more than a hospital. We are an organization with vision—shaping the future of healthcare in our region one advancement at a time.

PROVIDER INSIGHT

Devjit Roy, MD

Chief Medical Officer, Chief Medical Information Officer,
VP of Medical Affairs

“As we reflect on 2024, I am incredibly proud of the dedication and resilience of our providers, nurses, and staff at Nathan Littauer Hospital & Nursing Home. Amid challenges, our team has delivered exceptional care while embracing innovation and growth. In 2024, we launched leadership training, expanded professional development, and strengthened recruitment efforts to support and empower our providers. We also enhanced teaching opportunities, fostering mentorship and excellence. In 2025 and the year ahead, we anticipate bolstering those efforts threefold.

Through it all, Nathan Littauer remains steadfast in its commitment to delivering exceptional care, and I am profoundly grateful for the grit each of our providers bring to the organization every day.”

Paul Husson, MD

Urology Specialist and
Chief of Medical Staff

“Our Urology Department made significant strides in advancing patient care in 2024. We successfully expanded our minimally invasive procedures, reduced wait times, and implemented new diagnostic technologies that improved early detection and treatment planning. Our team performed a record number of complex cases with excellent outcomes, reflecting our commitment to clinical excellence and innovation.

Looking ahead to 2025, we’re excited to launch several key initiatives. These include the integration of AI-assisted imaging to enhance surgical precision, the introduction of a dedicated Men’s Health Program, and a robust community outreach campaign aimed at increasing awareness around urologic health. Additionally, we’re expanding our multidisciplinary approach, collaborating more closely with our primary care teams to deliver seamless, patient-centered care. We’re proud of the progress we’ve made and are energized by what’s to come.”

Arunmozhi Dominic, MD

Primary Care Physician and
Director of Ambulatory Medicine

“In 2024, we launched our Business Health service line to bring high-quality, accessible care directly to local employers. By offering on-site wellness screenings, preventive services, and streamlined access to primary care, we’re helping businesses keep their workforce healthier and more productive. In 2025, we’re ramping up efforts with expanded partnerships, and customized wellness programming tailored to each organization’s needs. Our goal is to make healthcare more proactive, efficient, and integrated—delivering value to both employers and employees while promoting long-term health outcomes in our community. We’re also exploring digital health tools, enhanced data reporting, and expanded health services to meet the evolving needs of our partners. Business Health is more than a program—it’s a commitment to ensure that we meet people where they are, when they need us most.”

“As I approach my fourth year practicing Otolaryngology at Nathan Littauer Hospital in May 2025, I’m proud of the progress our team made in 2024. This year, we treated complex thyroid and sinus cases with strong outcomes, thanks in part to new technology like the NIMS nerve monitor and stereotactic navigation. We also began using PT eye technology for thyroid surgery—the only practice in the greater Capital Region; offering this advanced tool to reduce surgical risk to our patients. These innovations have enhanced patient safety and precision. Looking ahead, I’m excited to expand medical education opportunities within our practice, helping train the next generation of ENT professionals while continuing to offer exceptional care to our community.”

Diana Page, DO

Otolaryngologist

Syed Iqbal, MD

Cardiology
Specialist

“We welcomed a new, highly skilled provider in 2024 who brings expanded expertise and energy to our growing team. One of our proudest moments in 2024 was caring for our first pacemaker patient—an important step in broadening our cardiac care capabilities. Looking to 2025, we’re focused on expanding diagnostic services, introducing advanced cardiac imaging, and strengthening our collaboration with primary care for earlier intervention. We’re also developing community-based education programs to raise awareness about heart health. Our goal is to make comprehensive, cutting-edge cardiology care more accessible than ever before.”

A PEEK AT *THE FUTURE*

Expanding Access to Orthopedic Care

By working together, healthcare organizations can streamline services, optimize resources, and enhance recruitment efforts for specialists. That's why a groundbreaking partnership was made. Nathan Littauer Hospital & Nursing Home and St. Mary's Healthcare have joined forces to launch Fulton-Montgomery Medical, PC, a joint venture designed to enhance access to essential orthopedic services in the region.

"This partnership benefits our hospitals, medical practices, and—most importantly—our community," said Jeffrey Methven, President and CEO of St. Mary's Healthcare. "By reducing duplication and sharing resources, we can invest in top-tier providers and improve patient access to high-quality care."

Founded in 2024, Fulton-Montgomery Medical, PC represents a forward-thinking model for collaboration, reinforcing the shared commitment of Nathan Littauer and St. Mary's to delivering seamless, community-focused healthcare.

The initiative aims to attract and retain medical providers, ensuring that high-quality care remains available close to home. Its first major success is the integration of Mohawk Valley Orthopedics, the region's leading sports medicine and orthopedic group, as the inaugural service line under this new partnership.

"This collaboration ensures that orthopedic care remains accessible at Mohawk Valley Orthopedics' locations in Johnstown and Amsterdam," said Sean Fadale, President and CEO of Nathan Littauer Hospital. "Patients will continue to have the flexibility to schedule surgical procedures at either Nathan Littauer or St. Mary's Healthcare."

WHY CHOOSE *LITTAUER?*

At Nathan Littauer Hospital & Nursing Home, we believe high-quality care should be convenient, comprehensive, and close to home. That's why our outpatient services continue to grow—offering patients a trusted option for timely, efficient care without the need to travel far.

Our Radiology Department provides advanced imaging services—including mammography, ultrasound, MRI, CT scans, and X-ray—with accuracy and compassion. Our Imaging Services are supported by skilled technologists and board-certified radiologists, ensuring that patients receive results quickly and confidently.

Many patients save time by having their lab work done right at Littauer, where our Laboratory Services deliver fast results and trusted accuracy. From routine bloodwork to complex diagnostic testing, our lab professionals play a vital role in guiding care decisions throughout our organization.

In 2024, our Rehabilitative Medicine program continued to help patients recover, regain strength, and return to the activities they love—whether recovering from joint-replacement surgery, managing chronic conditions, or rehabilitating from a sports injury. Our Rehab Team offers personalized treatment plans and one-on-one therapy sessions to ensure care you receive is both effective and encouraging to your goals.

Additionally, our Retail Pharmacy Services provided accessible support for medication needs, with a focus on safety, education, and patient understanding. Whether filling prescriptions or offering convenient over-the-counter medications you would find at any other ordinary pharmacy—our pharmacy team is a vital link in the continuum of patient care and a great outpatient resource to Fulton County!

At Littauer, we offer expert services in a welcoming environment, making it easier for patients to access the care they need, when and where they need it most. That's why more people are choosing Littauer.

KAYLA H.

Surgical Physician Assistant, OR

A LOOK AT

Kayla Henry, PA, brings a unique blend of experience, passion, and local roots to her role as a Surgical Physician Assistant in Nathan Littauer's Operating Room. A native of Mayfield, NY, Kayla's connection to Littauer runs deep—her mother served as a Registered Nurse here, and Kayla herself completed clinical rotations at the hospital as a Radiologic Technology student nearly two decades ago. That early exposure, alongside the mentorship of Elisheba “Lish” Sweetman in our Diagnostic Imaging Department, ignited her interest in radiology and ultimately led her to a career in medicine.

Kayla spent 2.5 years in a fast-paced Emergency Department, managing a broad spectrum of patient acuities. She also worked with Albany Medical Center and St. Peter's Health Partners focusing on cardiac and open-heart surgery cases. Her broad clinical background, particularly in high-volume and high-acuity environments, equips her to deliver confident, compassionate care in the surgical setting. Things came full-circle for Kayla, and she rejoined Littauer in 2025.

In the fall of 2023, Kayla was honored with a Distinguished Alumni Award from SUNY Fulton-Montgomery Community College (FMCC), a testament to her contributions to healthcare and her enduring commitment to the profession. Now working in our surgical rooms as the Surgical Physician Assistant, Kayla is proud to serve the very community that shaped her early career.

OUR *PEOPLE*

AMANDA R.

Family Nurse Practitioner
Clinical Administrative Leader

Amanda Reed, FNP, has a lifelong connection to Nathan Littauer Hospital. Born at Littauer, Amanda was a candy striper as a young teen, and a ward clerk at age 17, while attending school for nursing. She followed in the footsteps of her mother, Bonnie Graves, RN, who has served the hospital for over 30 years and currently works in our Emergency Department. “Growing up, I was never afraid of hospitals,” Amanda recalls. “I was drawn to them—it felt natural to care for people.”

Amanda began her clinical career as a nurse on the Medical-Surgical unit and later pursued her goal of becoming a Family Nurse Practitioner, a role she began at Littauer in 2016. What shaped her path was the wide range of exposure she had within the hospital. “All throughout the levels at Nathan Littauer—from a preceptorship in the ICU while finishing my bachelor’s degree to completing my clinical hours during my master’s program—I had the opportunity to gain hands-on experience in Gastroenterology, Women’s Health, Family Practice, and Primary Care,” she explains. She also gained valuable experience in Cardiology as well as Gerontology through her work at our Nursing Home, further strengthening her ability to serve patients across every stage of life.

Her commitment to continuity of care led her to Primary Care (and later sub-acute rehabilitation), where she could follow her patients beyond the hospital stay. “I love my role as a provider and Clinical Administrative Leader. It’s a special blend of nursing and medicine,” Amanda says.

OUR VOLUNTEERS AND FOUNDATION

Volunteers dedicate their time, talents, and compassion to enriching the lives of our patients, residents, and staff. From comforting post-op patients with handmade pillows to supporting our nursing home residents with walker bags and holiday gifts, their kindness reaches every corner of our community.

Through special projects like the Tree of Lights, the Reflection Garden & Bricks, and the Sunshine Fund, volunteers bring warmth and connection to patients and families. Their efforts extend beyond comfort, providing essential support through blood drives, OR registration, lab courier services, and managing our beloved Gift Shop. Our Gift Shop buyers create one of the area's most unique boutiques that is open to the public. New parents cherish the handmade hats and blankets for newborns, while our nursing home residents find warmth in donated blankets.

Beyond their hands-on work, our volunteers provide financial support to Nathan Littauer, currently fulfilling a \$200,000 campaign pledge to strengthen hospital services. Their generosity ensures we continue to provide exceptional care for those who need it most. As we look to the future, we invite more community members to join this meaningful mission. Whether you can spare a few hours or dedicate regular time, your help makes a difference.

LIFELINE

A Trusted Connection to Independence and Safety—Nathan Littauer Hospital's Lifeline service continues to provide peace of mind and life-saving support to individuals who wish to remain independent at home. With 24/7 access to emergency assistance, Lifeline assures patients and their families a rapid response to medical emergencies.

Our Lifeline program is unique, as we are the only program in the area that supports individuals who require landline access.

"It's more than a service—you get prompt care assistance at the push of a button, 24 hours a day, 365 days a year," said Maggie Luck, Lifeline Manager. Lifeline exemplifies Littauer's enduring commitment to safety, dignity, and well-being—delivered through compassionate local support and innovative technology.

NATHAN LITTAUER NURSING HOME

At Nathan Littauer Nursing Home, our mission is simple—deliver compassionate, person-centered care in a place residents can truly call home. Each day, our dedicated staff brings skill, heart, and dignity to their work, creating a warm and supportive environment for those we serve. "This is more than a workplace—it's a community," says Aimee Rathka, MSHSA, LNHA, Nursing Home Administrator. "We are deeply honored to care for our residents and to walk beside them and their families throughout their journey. Every resident deserves to feel safe, valued, and at home."

In 2024, we continued to enhance quality of life through engaging programs, specialized therapies, and personalized care planning. Our multidisciplinary team, guided by core values of respect and empathy, remains committed to excellence in long-term care for our residents.

A MESSAGE FROM GEOFF

Geoffrey Peck
Nathan Littauer Foundation
Executive Director

A handwritten signature in black ink, appearing to read 'G. Peck', written in a cursive style.

Time moves so quickly. It's hard to believe that, as I reflect today on our work in 2024, more than half of 2025 has already passed. I guess that's life, looking to the past to learn and moving into the future with a spirit of continual improvement.

We hope that you have enjoyed reading our 2024 Annual Report, learned something new about the work of the caring team at Nathan Littauer Hospital & Nursing Home, and perhaps recognized a familiar face or two. While our reports contain the facts about our business, we strive to convey a picture of the people and work that embody our mission.

Healthcare today is a challenge. Governmental changes, insurance reimbursements, constantly changing regulations, and rising costs necessitate difficult decisions every day. Still, through it all, you can be assured that we will, as we have for more than 130 years, provide the safest care possible close to home.

Thank you for taking the time to review our report. If our story inspired you, please consider sharing this report or a kind word about our work with a friend.

Wishing you many healthy days!

nlh.org/giving/ways-to-give

Geoffrey Peck
Vice President of Business Development
Executive Director of the Nathan Littauer Foundation
