Patient Portal Self-Scheduling Guide

Use our Patient Portal to conveniently schedule and select appointments online. Follow the steps below to complete your appointment request!

Step 1: Access Self-Scheduling

Once you have logged in to your portal, from your Patient Portal Dashboard - locate the **Appointments** section, and click, “**Schedule**.”

The screenshot displays the Nathan Littauer Patient Portal interface. On the left is a sidebar with a purple profile icon and a list of navigation options: Account options (with a dropdown arrow), Dashboard, Appointments, Billing, Calendar, Documents, Health Record, Medications, Messages, Past Visits, Questionnaires, and Results and Reports. The main content area is titled 'Nathan Littauer Patient Portal' and contains several sections. The 'Announcements' section includes updates on bill pay, patient advisory council meetings (scheduled for September 1st, 2026), and a dinner catering notice. Below this is the 'What's New' section with a link to 'Appointments (1)'. The 'Appointments' section is highlighted with an orange border and contains a 'Schedule' button (also highlighted with an orange box and an orange arrow), a 'Follow Up' appointment for Monday, November 30, 2026 at 4:30 PM EST, and a pending 'Annual Wellness Visit'. To the right of the Appointments section is the 'Results and Reports' section, which includes links for '% Saturation' (33.8%, collected May 26, 2026) and 'Endocrinology Office Visit' (collected May 26, 2026).
